You may wish to consult your tax advisor or IRS Publication 590 concerning your withholding election.

Depending on your state of residency (as determined by the legal address of record on your account), regardless of whether you elected to have federal income tax withheld, you may elect not to withhold state tax, or may elect to increase the rate of state tax withholding. Note that in certain states tax withholding is not available, while in other states if you elect to have federal income tax withheld you must withhold state tax as well. Refer to the State Income Tax table below. While we obtain information about state tax laws from reliable sources, we cannot guarantee the accuracy of this information due to changes in state tax laws and interpretations. We recommend that you contact a tax professional if you have any questions regarding your state's tax withholding laws.

If you do not make an election, we will apply the minimum withholding rate based upon your state of residency (if required).
